Sage HR & Payroll launches new solutions suite: SnowdropKCS

April 2009

Sage HR & Payroll, the newest addition to the Sage UK family, has launched a new solutions suite, known as SnowdropKCS.

SnowdropKCS brings together the experience and technical expertise of leading suppliers, Snowdrop (HR) and KCS (Payroll), to offer truly 'best-of-breed' solutions to larger organisations and those with more complex requirements.

SnowdropKCS offers a wide and powerful range of modular HR and Payroll software systems and outsource services, including recruitment, personnel, payroll, training & development, performance management, time & attendance, employee benefits and self-service.

Each solution can be delivered as part of an integrated suite or standalone – offering the flexibility to grow with organisations as their needs develop.

Integration is geared towards improved accuracy of information and greater efficiency for HR and Payroll teams.

For further information please contact Katie Slater on 01993 709 100.
