SnowdropKCS Recruitment Software

[Information centre](#)[Sage news](#)[Customer login](#)[Payslip calculator](#)[Contact us](#)[About us](#)

From candidate and campaign management, through to tracking recruitment costs and knowing where to spend, SnowdropKCS Recruitment gives you everything you need to ease the recruitment process.

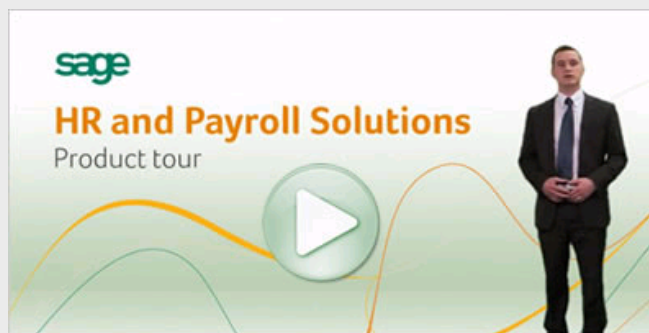

Taking the pain out of recruitment administration

Like all our HR modules, the recruitment system is designed to take much of the headache out of day-to-day administration. It helps you standardise each stage of the recruitment process, so you have everything you need from invitation to interview, to acceptance or rejection.

The recruitment system also includes applicant assessments and job profiling, to make sure you find the right people for the job.

Additional Services

- [Tools](#)
- [Business services](#)
- [Support services](#)
- [Networking](#)
- [Latest Software Release](#)

We offer:

- Vacancy and applicant profiling
- Applicant search by multiple criteria – including applications held over from previous campaigns
- Background checks, including CRB checks and right to work
- Filling one type of vacancy with multiple recruits
- Managing one applicant applying for multiple vacancies
- Monitoring key vacancy milestones
- Agency rates and advertising costs
- Publishing adverts on external websites
- Recording and monitoring of campaigns
- Media and advertisement analysis
- Interview administration
- Optional automated address recognition to enable fast and accurate capture of applicants' address details

And, with both in-house recruitment software and an [online recruitment solution](#), you can smooth data capture while making a positive impression of your business in the process.
